THE NATIONAL GAME.

Championship Contest Between the Philadelphia and the Mutual Clubs. PHILADELPHIA, June 4, 1874.

The exciting contest that was waged between these two clubs at their last meeting two days ago, in which the Philadelphia Club carried the victory by a score of 8 to 7, called to the grounds a very fair crowd this afternoon, in which the Mutual Club stood highest in the bets by pretty fair odds. The game proved to be one of the most supero ones ever played in Philadelphia, and one of the finest in the history of the profession. The excitement throughout was intense, and when the seventh inning closed with two superb double plays made upon both sides, the clamor and applause knew no bounds. At the opening of the ninth finning the game stood precisely as it did at the closing of the first, in which the Philadelphias, after scoring two runs, turned the Mutuals out with a blank. The game was remarkably free from errors, every player apparently being at his best "sorts." The Mutuals wittewashed the Philadelphias at the opening of the ninth, and then went in to take their final chances at the bat. Alikon struck a light bail to Craver, and was put out at first. Start hit a hard one and made his base. Matthews struck a long foul and was put out on a bound, when Nelson was put out on a fly.

The following is the ful	l score:—

Details of the Match Between the Bostons and the White Stockings.

CHICAGO, Ill., June 4, 1874. The game of base bali between the Bostons and White Stockings yesterday was intensely interesting up to the sixth inning, when the score stood 3 to 0 in favor of the former. At this point the White Stockings took the bat, and, aided by several remarkable errors on the part of the Reds, eral remarkable errors on the part of the Reds, and by most excellent batting, scored 9 runs before they were retired. The neds appeared to be but added 2 runs to their score in their half of the inning, and in the next two immigs retired the Whites for a blank, scoring respectively 5 runs and 1 run themseives. The Whites made a desperate attempt to close up the gap in the minth inning, out only succeeded in scoring 1 run and whitewashing their opponents. With the exception of the sixth and seventh innings the game was played with very few errors, and the series of blunders that characterized that part of the game were a source of wonder to those who are acquainted with the merits of both clubs. Hugir Reed umpired the game in a very satisfactory manner. The betting before the game was about six to four in favor of the Reds.

The Baltimores Beat the Atlantics. BALTIMORE, June 4, 1874. A game of base ball was played here to-day be-

tween the Atlantics and Baltimores, in which the former were deleated. The following is the score:—

Base Ball Notes.

THE ORTHODOX FRIENDS.

Two sessions of the Orthodox Society of Friends were held yesterday, at ten A. M. and three P. M. The morning session was devoted principally to the discussion, and further hearing of the queries, in the alterations of the Discipline. The queries for the meetings of ministers and elders were as follows:-

follows:—

Are all the members of this body sound in doctrine, and are they laboring harmoniously together for the extension of the kingdom of Christ?

Are you careful to be enlightened yourselves in that which you feel constrained to impart to others, so that your testimonies shall be clear and convincing?

By you cherish a deep religious interest and sympathy with all who engage in the ministry or other Unristian work, especially with the young and inexperienced; and are elders faithful in extending encouragement or advice, as circumstances require, in whatever will promote their efficiency in gathering to Uhrist?

The report of the Committee on Temperance was read, and showed the number of members

BETHESDA MINERAL SPRING WAVER THE miraculous medicine.

LAMBINO, Mich., March 16, 1874. Dras Six—My bealth has been quite good, only occasionally troubled with has been quite good, only occasionally troubled with liver gettings altitle out of order, which the Bethesda brings around all "O. K." Any advertisement that you wish to write in favor of BETHESDA, you can take the liberty of referring to me in. Words cannot express the good it is doing every day. I consider it saved my lire, and so long as a live I shall at all times preach in favor of it. I am yours truly.

GENEVA, Onlo, Aug. I. 1873. Dran Six—Messrs. Palmer & Austin have bust obtained a Calculus as large as a bean, with a teaspoonful of calcareous sediment, which came from a chili four years old, by the use of only two gallons of BETHESDA WATER. The child is doing micely and improving fast.

These cases are only an average of one in fifty reported to Dr. A. HAWLEY HEATH, at his office, No. 200 Broadway, New York. Pamelhiets Free.
